

If you as a grower are curious about how the forage seed levy funds collected are being spent: read the inside of this pamphlet.

If you as a grower choose not to or to partially support your industry:

How to apply for a refund?

Growers need to apply in writing, and include:

1. Amounts of forage seed levy that were paid with each sale at all seed outlets.
2. The amount or percentage of the levy that they would like sent back.

What is the deadline to apply for a refund?

Applications for refunds must be postmarked on or before January 31. The deadline for applying for turf and forage seed levy funds paid at all seed outlets in the **calendar year of 2010 is January 31, 2011**. Refunds will be processed in a month, so that growers should receive their refund cheques in mid March.

Where to apply?

To reduce costs of administration, there is one central office for administering the levy for both Alberta and British Columbia turf and forage seed growers.

All forage seed growers from Alberta and British Columbia wishing to apply for a refund need to send their application to the address below:
